Redland London and Oasis Collaboration

Redland London is excited to announce a collection of super-stylish jetsetter luggage in its first ever collaboration with the great British high street fashion retailer – Oasis.

Launching with two fashionable styles of hardsided, durable, 4 wheel cases in 3 size options.

“The beautiful in blue hummingbird pieces and elegant floral renaissance print cases were fun to produce with the Oasis Design team. We look forward to creating other design-driven travel accessories soon.” – Eli Zekaria, Director of Redland
